Photographic/Digital Imagery Consent Form Form 4A

During the course of our Youth Service programmes, there may be opportunities to publicise the activities that your child is involved with. This may involve filming or photographing the children taking part in those activities.

We welcome these opportunities to publicise our events and activities, and hope that, as parents of those children participating, that you will too!

The images taken may appear in our printed publications, in publications for other non-profit making organisations, or on our website via Flickr.

Whilst positive publicity benefits our service, your child cannot be involved in any promotional material without your consent. To that end, in order to comply with the Data Protection Act 1998, we need your written permission before we take any photographs of your child for use in the promotion of the service and the activities offered.

Conditions of Use:

The form is valid for 2 years from the date of signing. Your consent will automatically expire after this period of time.

We will not include details or full names (which means first and surname) of any persons in an image on our website, or in printed publications, without good reason. For example, we may include the full name of a competition prizewinner if we have had their consent.

We will not include personal contact details of any persons in an image on our website or in printed publications.

No payment will be made for the publication of any photograph.
